

Whistle-Blowing Policy Overview

Overview

Elite Cleaning & Environmental Services Ltd (ECES) are committed to the highest standards of openness, probity and accountability. An important aspect of accountability and transparency is a mechanism to enable staff and other members of the Company to voice concerns in a responsible and effective manner. It is a fundamental term of every contract of employment that an employee will faithfully serve his or her employer and not disclose confidential information about The Company's affairs. Nevertheless, where an individual discovers information which they believe shows serious malpractice or wrongdoing within the organisation then this information should be disclosed internally without fear of reprisal, and there should be arrangements to enable this to be done independently of line management (although in relatively minor instances the line manager would be the appropriate person to be told).

The Public Interest Disclosure Act, which came into effect in 1999, gives legal protection to employees against being dismissed or penalised by their employers as a result of publicly disclosing certain serious concerns. The Company has endorsed the provisions set out below so as to ensure that no members of staff should feel at a disadvantage in raising legitimate concerns. If this policy is considered to have been used not in good-faith then the Company reserves the right to invoke disciplinary action.

Scope of Policy

This policy is designed to enable employees of the Company to raise concerns internally and at a high level and to disclose information which the individual believes shows malpractice or impropriety. This policy is intended to cover concerns which are in the wider-interests of the public and the Company and may at least initially be investigated separately but might then lead to the invocation of other procedures e.g. disciplinary action.

These concerns could include: -

- Financial malpractice or impropriety or fraud
- Failure to comply with a legal obligation or Statutes
- Dangers to Health & Safety or the environment
- Criminal activity
- Improper conduct or unethical behaviour
- Attempts to conceal any of these

Confidentiality

The Company will treat all such disclosures in a confidential and sensitive manner. The identity of the individual making the allegation may be kept confidential so long as it does not hinder or frustrate any investigation. However, the investigation process may reveal the source of the information and the individual making the disclosure may need to provide a statement as part of the evidence required.
